## INCLUSIVE EXCELLENCE COALITION

### An Arcadia Abroad Commitment to Access and Inclusive Excellence

Arcadia University is committed to providing meaningful global experiences to students of high need. The **Inclusive Excellence Coalition** is an invitation to join a community of institutions similarly committed to expanding access to high-quality global educational opportunities.

We envision this coalition to be a mutually beneficial partnership which addresses institutional challenges to providing equitable opportunities to all students.

The Coalition's mission is to:

- Offer a diverse selection of affordable, top-tier programs to help institutions achieve their goals for international education, applied learning, and curriculum integration.
- Build a community of like-minded institutions who learn from and support each other in their efforts to expand student access.

The Coalition can also address broader, strategic institutional challenges such as:

- Recruitment and retention challenges
- Financial obstacles to equity and inclusion
- Access to experiential learning opportunities that address career readiness and post-graduation return on investment

We have invested in a curated portfolio of programs in eight countries, offering curricular breadth, a range of locations and settings, and the complete suite of Arcadia program services and student support.

We look forward to speaking with you in more detail about these benefits and the process of joining the Coalition.

#### **Inclusive Excellence Coalition programs:**

- Are accessibly priced at or below \$17,000
- Deliver curricular breadth, including customizable, applied learning opportunities;
