

NORWAY

studyabroad.arcadia.edu

This program explores the Norwegian and Nordic models of addressing contemporary social issues. These issues encompass a wide range, including the climate crisis and the emerging importance of environmental sustainability. Additionally, the program explores topics such as national identity, gender equality, immigration, happiness, housing, labor rights, renewable energy, and economic inequality.

Programs

- Social Systems, Sustainability, and Justice in Norway

Excursions & Activities

- Travel to the world-renowned West Norwegian Fjords – Geirangerfjord and Nærøyfjord – some of the most beautiful scenic sites in Norway!
- Oslo – only a short train-ride away, many of our courses will include visits to various museums and sites of importance in Oslo throughout the semester.
- In Scandinavia – A 5-day excursion to neighboring Scandinavian countries Sweden (Lund and Gothenburg) and Denmark (Copenhagen)
