

SOUTHERN AFRICA

studyabroad.arcadia.edu

Located in Southern Africa, the histories of both South Africa and Namibia are not often explored in U.S. curricula. Both of these countries have struggled with the impacts of colonialization, apartheid, as well as ethnic and racial tensions throughout. This program will allow you to examine how people play a role in positive social change and the triumph of the human spirit.

Programs

- Decolonizing the Mind: Racial and Environmental Justice

Excursions & Activities

- Namib Desert
- Walvis Bay
- Rural areas of Namibia
- A one-week educational seminar in Johannesburg
- A one-week educational seminar in Cape Town
