

SPAIN

studyabroad.arcadia.edu

“When I introduce myself and they ask what I did over the summer and I say that I did research in Spain, they’re really taken aback by the fact that I’ve already done research at such a young age. And when they hear that I’ve done it abroad, they always tell me that this will really help and that jobs look for that.”

DeShawn Samad, Spelman College Student, STEM Summer Research – Granada

Programs

- Arcadia in Granada
- Arcadia in Granada Summer*
- STEM Summer Research – Granada*
